

Body Piercing Jewelry

New Designs Only
2019

2 | Introduction

Body Piercing 2019

We are extremely delighted to present our one-of-a-kind collection: 2019 Piercing Catalog, and we can't wait to share some of the most exciting products with you.

As you browse through the catalog, you will be taken on an exciting journey that displays the excellence of the many pieces that we are proud to offer today. Each of these designs is a fashionable and trendy, that has been uniquely crafted by our talented team to achieve a level of quality like never before.

While you peruse this catalog, it will be instantly recognized that no two pieces are exactly alike. Every item that is part of our collection is unique with its own character and charm that sets it apart from the other. This creates a tremendous variety in regards to our product line as a whole.

All of our products comply with US and European safety and health regulations. We have been working hard to provide you with products that exceed all your expectations, and with our dedication and hard work we have built a strong reputation for being one of the major establishments in the Body Jewelry industry.

Help people express their true-self and share their inner voice by tapping into our remarkable collection of body jewelry - jam packed with exquisite designs plated in gold, silver, rose gold and even with White Rhodium color.

Please explore our website www.kspiercing.com or send us an email at info@kspiercing and we will be delighted to assist.

welcome...

2 Body Piercing Jewellery

General Information

- Our items are available either in  **SILVER 925**,  **Fashion Jewelry** or  **PTFE** material.

 All silver items are made from 925 silver and stamped.

 All Fashion Jewelry items are made from high quality polished brass metal, nickel free and finished with a plating solution of your choice.

 All PTFE items are made from non-allergic polymer and autoclavable.

- Most of our items can be customised by changing either the enamel color or by adding a plating solution.
- All of our items, including piercing parts, comply with European and International health & safety regulations.
- For your convenience, please refer to the table listed below.
